**CONGRESS OF
HEALTH SCIENCES**

New Trends, Concept, Techniques in
Medicine-Heart and Vascular System

September 26, 2013 / Sofia

INVITATION

Dear Colleagues,

Referring to Europe and Asia in a common word, Eurasia is the geographical location where a large portion of the global population resides. Within the framework of academic and social cooperation among countries of the Eurasian geography with a particular focus on health sciences, we hold the first meeting in Baku, Azerbaijan on 30 September – 01 October 2011, second meeting Pristine, Kosovo 29-30 September 2012.

The third meeting is scheduled for 26 September 2013 with a special emphasis on maintaining and strengthening cooperation among the countries of Eurasia. Eurasian Congress of Health Sciences will be held in Sofia University in collaboration with Sofia University and İstanbul University. Theme of the congress is “New Trends, Concept, Techniques in Medicine - Heart and Vascular System”.

We have been aiming at building and maintaining cooperation in the largest extend possible with involvement of İstanbul School of Medicine, Cerrahpaşa School of Medicine, Faculties of Dentistry and Nursery of İstanbul University.

Social activities programme will be available in the spare time of participants for the establishment of social collaboration and communication.

We kindly expect your attendance and contribution to our meeting, which will be a scientific bridge with our colleagues in other Eurasian countries based on shared history and common cultural heritage.
